

What Can I Do in the Small World Area?

I can create stories using small world characters and equipment.

I can create my own 'small worlds' using blocks or construction toys.

I can play with others, sharing and developing imaginative ideas.

I can retell familiar stories and use story vocabulary.

I can share toys and materials.

I can use an object in my play and pretend it is something else.

I can retell events and experiences through small world play.
